Dear Mr. Nuzie:

SUBJECT: PRELIMINARY ASSESSMENT REPORT
CHEMICAL WASTE MANAGEMENT - FL D051572808
TAMPA, FLORIDA

Submitted herewith is a Preliminary Assessment Report for the subject site indicating no further action. This priority assessment has been assigned due to the fact that the site, designed as a hazardous waste transfer station, was never constructed. The basis for this priority assessment is documented in the attached letters indicating withdrawal of the RCRA permit application.

Sincerely,

E.C. JORDAN CO.

Dear Mr. Scarsbrough:

This letter requests your withdrawal of the Part A Application for Chemical Waste Management, Inc. - Tampa Transfer Facility, Tampa, Florida, from your files. The facility was granted interim status on November 19, 1980, upon submittal of the Part A. After careful review of the economic feasibility of the facility, plans for construction for hazardous waste transfer/storage capabilities were denied. Thus, Chemical Waste Management requests interim status at the Tampa facility be terminated and requests exemption from all requirements placed on such facilities; i.e. submittal of Part B Application.

If you have any questions, please feel free to call.

Sincerely

Donald A. Wallgren
Director of Environmental Management

Dear Mr. Wallgreen:

This letter is to acknowledge receipt of your request for withdrawal of your application for a permit under the Resource Conservation and Recovery Act (RCRA), as amended. Your letter indicated that you no longer treat, store, or dispose of hazardous wastes. Therefore, your application is considered withdrawn, and your file has been inactivated.

This letter should not be construed as concurrence with your determination that the Federal regulations are not applicable to your facility.

However, based on your voluntary request for removal from our list of permit applicants, your interim status under Section 3005(e) of the Act has been terminated. Consequently, if we determine upon subsequent inspection that your facility is treating, storing, or disposing of hazardous waste without a permit (or interim status), you will be subject to enforcement action under Section 3008 of the Act.

The RCRA Hazardous Waste Regulations (40 CFR 265.112) require that an owner or operator of a hazardous waste facility submit his closure plan to the Director of the State Hazardous Waste Agency within 15 days after the termination of interim status. This is the first step in the initiation of closure procedures required under 40 CFR 265.110 to 265.120. By copy of this letter we are notifying the State Hazardous Waste Agency that all regulatory requirements for closure of your hazardous waste facility should be met and documented in their files.

If you wish to reconsider your request for withdrawal, please advise us within the next ten days.

Sincerely yours,

James H. Scarbrough, Chief
Residuals Management Branch
